# Letterheads defined

There are two Patton letterheads: formal and informal, available for downloading as Microsoft Word templates in letter (8.5 x 11 inch) and A4 paper sizes (see section *Downloading stationery templates* for details).

Use the formal letterhead in situations where the informal letterhead—with its casual “Let’s Connect!” tagline—would set the wrong tone. When in doubt, choose the formal letterhead!

**Note** For more information, refer to *Patton branding guidelines for logos and web badges*, section *Patton logos defined*.
